

**Ca Nitrate**  
**Fruit Harvest**

**THE MOST EFFICIENT FOR Fruit Harvest**

**Seerin Nitra-TM** -Calcium nitrate is a fully water-soluble fertilizer, a highly efficient source of Calcium and Nitrate. Calcium is a "quality nutrient" for plants that enhances yield quality and extends shelf life. Calcium is immobile in the plant and must be supplied consistently throughout the growing season. To maintain adequate levels in plant tissues and to promote proper growth. Serin-calcium nitrate is a product that contains nitrogen in the form of nitrate (NO<sub>3</sub>-), which enriches plant nutrition and improves the efficiency of calcium uptake.

**CONTENT:**

Total available Nitrogen	15.5%
Total available Calcium	18.8%
Total moisture% maximum	0.5%
Solubility g/L at 20C	1290
EC (mS/cm)	8.84
pH	6.7

**BENEFIT:** Helps in improving cell strength and root/shoot development. Helps in shelf-life improvement which reduces post-harvest loss. Readily absorb by plants and improve the efficiency of calcium uptake.

**DOSE:** For Soil App. 1 Kg per Acre every day for harvesting duration & for foliar spray 1 Kg in 200 Liter water along with 250gm Akshat Combi-2.

**SPECIALITY:** High field efficacy. Boost in EC. Seerin- Calcium Nitrate is compatible with most water-soluble fertilizers. Safe and Easy to Use. Low chloride and insoluble matter content.

**CROPS:** All Vegetable Crops, fruits, field crops, and Nursery Plants.
