

**Potassium
Schoenite**
Fruit Quality Enhancer

**THE MOST
EFFICIENT FOR
Fruit Quality Enhancer**

Seerin **MULTI-K** Potassium Schoenite is a unique fertilizer having sulphates of potassium (K) and Magnesium (Mg). Fertilizers such as this one are water-soluble and contain potassium and secondary magnesium nutrients that are beneficial for greater crop yields. Also included in this fertilizer is 15-16% sulphur, which is a primary nutrient essential to calcareous or high pH soils. This fertilizer is best suited for chloride-sensitive crops like Grapes, Mango, Pomegranates, Banana, Papaya, Citrus, etc and vegetables i.e. Tomato, Chilli, Potato, Onion, etc.

CONTENT:

Total available Potassium	23%
Total available Magnesium	11%
Total available Sulphur	16%
Total moisture% maximum	1.5%
EC (mS/cm)	8.24
pH	4.8

BENEFIT:

- Activates enzymes and helps with photosynthesis and carbohydrate metabolism.
- Helps with increasing chlorophyll content and size of leaves
- Helps in increasing oil in seed crops
- Improves the quality of fruit with a longer shelf life.

DOSE: For drip 4 Kg per Acre at harvesting stage regularly along with Seerin 17:09:29 6 kg per acre. For foliar spray 1 kg in 200 Liter water along with 250gm Akshat Combi-2.

SPECIALITY: High field efficacy. Boost in EC. Seerin-Potassium Schoenite is compatible with most water-soluble fertilizers. Safe and Easy to Use. Low chloride and insoluble matter content.

CROPS: All Vegetable Crops, fruits, field crops, and Nursery Plants.
